

Do you have wishes to add to RHadoop wishlist below? Is there something you'd like to see in the next release? Let us know!

Please enter a [new issue](#) or email them to rhadoop@revolutionanalytics.com.

Better yet, [\[\[contribute to the RHadoop project\]\]](#), and make this wishlist a reality!!

Current Wishlist

- Add more examples
- Mahout integration (mainly for data format compatibility, since the two systems have different purposes)
- Pig "modules" that call R (for example, allowing the user to compute a quantile using R, from Pig, using Pig notation).
- Mesos/Spark integration (additional rmr backend?).
